

# Peace Valley Campus 2011 Summer Reading & Math Program

Since it is beneficial for students to read and review math over the summer months, completion of the summer reading and math packet will be required for all students. As an added incentive, students will receive a free recess and a designated dress down day for completing both the reading and math requirements.

## READING REQUIREMENTS BY GRADE:

Each child needs to read the assigned number of pages, for his/her grade, for two of the summer months. The books chosen should be at the appropriate reading level for your child. The summer reading program-tracking sheet is the responsibility of the child and the parent to fill in completely. If you need additional tracking sheets, they are available on our website.

ENTERING 1<sup>ST</sup> - Read 30 books per month (read to student by parents)

ENTERING 2<sup>ND</sup> - Read 100 pages by student per month

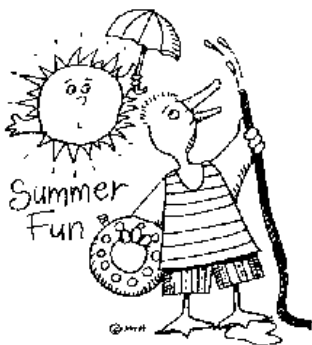

ENTERING 3<sup>RD</sup> - Read 200 pages by student per month

ENTERING 4<sup>TH</sup> - Read 300 pages by student per month

ENTERING 5<sup>TH</sup> - Read 400 pages by student per month

## MATH REQUIREMENTS BY GRADE:

Each child is responsible to complete a math packet for the grade they will be entering in the fall.

The math packets are available on line at

[www.plumsteadchristian.org](http://www.plumsteadchristian.org)

- Go to the Peace Valley Elementary link
- Click on Parent Resources at the left side of the screen
- Choose "Summer" math packets
- Choose the packet for the grade your child will be entering in the fall and print

**\*\*We will not be printing copies of the math packet to send home. If you need the school to print a copy for you, please make a request in the office.**

\*Return this tracking sheet and the math packet to your child's September teacher.
