

# 5<sup>th</sup> Grade Fine Arts Trip

Fifth grade recently had the opportunity to venture into the world of *Fine Arts*. During the Fine Arts Music and Art trip on Wednesday, March 9, the students visited the Pennsylvania Academy of Fine Arts and the Kimmel Center to see a live concert with

the Philadelphia Orchestra!

At the Academy of Fine Arts, the students were taken on a tour of the museum

and learned about art forms in painting such as still life, landscape, seascape, and abstract. Students even had an opportunity to create some art of their own!

At the Kimmel Center, students observed and actively participated with the Philadelphia Orchestra as they listened to specific sections of the orchestra, witnessed a new set of instruments, and were even instructed in some musical

theory! The students enjoyed the concert with the assistance of the award-winning storyteller Charlotte Blake Alston.

It was a great trip for all!
