

A Wedding and Career Day in Kindergarten

Kindergarten has had a very busy week. This week in Bible we have been talking about Jesus and how he loved both his earthly father and his heavenly father. We learned more about our earthly fathers by having seven dads come in and tell us about their jobs and what they do all day. The children loved learning, as well as receiving all kinds of 'free stuff' from the dads. We even learned how Jesus helps them as workers to do a good job and be a good example to others. A big thank you to all the fathers who took time from their busy schedules to come and share their morning in kindergarten.

If that was not enough excitement for one week, we had a wedding in kindergarten. Mr. Q could not stand being separated in the alphabet any longer from Miss U, so they got married! Now they will always be together in words; well except when "U" is needed in other words by herself. She is quite social! Kindergartners were a part of the bridal party sporting appropriate attire for such an event. The girls came dressed as queens and the boys as quarterbacks.

The bride and groom also had a 'quilt bearer' (instead of a ring bearer) and a 'quarter girl' (who dropped quarters instead of flowers). A cake and punch reception followed the ceremony officiated by our Headmaster, Mr. Patrick Fitzpatrick. A great time was had by all!!
